Conference Room.***

Advantages of Fire Simulator Training:

The Ansul Fire Simulator provides realistic fire extinguisher training for both veterans and first-time operators. Its patented design provides a complete fire training center in a 160 sq. ft. (15 m²) area. All components are matched to provide maximum performance with minimal set-up time.

No Fuel or Chemical...

provides big savings with no cleanup and zero environmental impact.

Day or Night, Rain or Shine...

never worry about canceling or rescheduling.

Efficient...

train up to 200 students/day on 1 fire... or 150 students/day on 2 fires.

OSHA Compliant...

meets the requirements of OSHA regulation 1910.157G for interior incipient fire training.

Flexible...

four fire scenarios built in... simulate your hazard areas using a digital camera... easily adjusts to various skill levels... stored-pressure and cartridge-operated extinguisher options.

GRAVITY-FED FIRE

NOTE:

The simulator package contains everything shown above except the N₂ cylinder.

SPILL FIRE

FUEL-IN-DEPTH FIRE

STORAGE LOCKER FIRE

REGULATOR and PRESSURE SOLENOID ASSEMBLY
